

How best to print the GHTA PDF Poster Wall Map:

1. Send it to a printer like Georgian Copy & Printers Inc. in Barrie (best quality is on photo paper).
2. Print at "Size As" (approx. 83 cm x 58 cm). It's not meant to be printed at 8.5" x 11".
3. Pick up and enjoy!

Alternatively,

1. Print with your printer in sections, but it does drain your inkwell and you'll have to cut 'n paste it together. It'll take about twelve (12) 8.5" x 11" pages at size as. Printing at 75% takes up 8 pages and is still legible.
